

2007 ACPA/NASPA Joint Meeting Shuttles

Our Power and Responsibility to Shape Education

The 2007 Joint Meeting will operate an extensive shuttle system for attendees. Although the schedule below represents the frequencies we expect buses to run, wait times may be longer at peak periods. Each bus can handle a maximum of 50 passengers. Please check with the bell desk for departure/pick up locations.

In addition to the published routes, the Joint Meeting will utilize specialized vans for those with mobility challenges. Please contact the Access Coordinator via the Joint Meeting Hospitality Desk in the Marriott or Gaylord if you require this assistance.
